Our strongest proof point that electrification can drive global decarbonization, while positively impacting people and the planet. We are approximately 75,000 strong across about 100 countries around the world. If you are ready to make a difference and usher in the new era of energy, come join us. About us Investors News FAQs Contact Skip to main content GE Aerospace is a world-leading provider of jet and turboprop engines, as well as integrated systems for commercial, military, business and general aviation aircraft. Your browser does not support the video tag. We are taking an across-the-board approach to a more sustainable future of flight, advancing the development of more efficient aircraft engines compatible with alternative fuels and collaborating across the industry. Military propulsion: The only option ready to deliver for the U.S. and its allies We dared to imagine a bolder, brighter tomorrow and vowed to build a world that works, for everyone. That promise continues at GE Aerospace, GE Vernova and GE HealthCare as standalone public companies. GE Aerospace (NYSE: GE) is a global aerospace leader in attractive propulsion, services and systems sectors with an installed base of more than 44,000 commercial and over 26,000 military aircraft engines. At the same time, our global team of 52,000 employees are building on more than a century of innovation and learning to live our purpose: to invent the future of flight, lift people up, and bring them home safely. Learn more at [geaerospace.com](https://www.geaerospace.com) GE Vernova is a planned, purpose-built global energy company that includes Power, Wind, and Electrification businesses and is supported by its accelerator businesses of Advanced Research, Consulting Services, and Financial Services. Building on over 130 years of experience tackling the worlds challenges, GE Vernova is uniquely positioned to help lead the energy transition by continuing to electrify the world while simultaneously working to decarbonize it. GE Vernova helps customers power economies and deliver electricity that is vital to health, safety, security, and improved quality of life. GE Vernova is headquartered in Cambridge, Massachusetts, U.S., with more than 80,000 employees across 100+ countries around the world. GE Vernovas mission is embedded in its name it retains its legacy, GE, as an enduring and hard-earned badge of quality and ingenuity. Ver / verde signal Earths verdant and lush ecosystems. Nova, from the Latin novus, nods to a new, innovative era of lower carbon energy. Supported by the Company Purpose, The Energy to Change the World, GE Vernova will help deliver a more affordable, reliable, sustainable, and secure energy future.
