Using "many" in English: its meaning and usage Many is a versatile word with several meanings, including a large, indefinite number of; numerous; existing in large numbers; and more. It is used to indicate the quantity of people or things, and it can be used before or after a countable noun. There are many ways to cook a meal, but not everyone enjoys playing chess. The word "many" is often confused with its counterpart "much," which means a significant amount but not necessarily a large number. When using "many," it's essential to remember that it only applies to plural nouns, such as "people" or "bananas." For example, we don't need this many bananas, whereas "a few" would be more suitable. The word "many" has been in use since Old English times and comes from the Proto-West Germanic \*manag. It is related to other words like "man" and "multitude," which share a common root. Over time, its meaning has evolved, but it remains an essential part of everyday language. there are many ways to cook a meal. The same number of things done in as many years, a relatively large number of persons or things an extremely large number of persons or things the same number of to read ten books in as many days he (one) too many for someone to be more, stronger, etc. than someone can defeat or successfully deal with More idioms definitions The noun is from Middle English (\*many), from Proto-Germanic \*managaz ("some, much, many"), from Proto-Indo-European \*monogE'o- ("many"). From Wiktionary Middle English from Old English manig menegh- in Indo-European roots Also found in: Thesaurus, Medical, Legal, Financial, Acronyms, Idioms, Encyclopedia, Wikipedia. Related to many: many things (mèn'è)adj. more the flu.pron. (used with a pl. verb) A large number of persons or things: "For many are called, but few are chosen" (Matthew 22:14).Idiom: as many American Heritage® Dictionary of the English Language, Fifth Edition.
