As a couple, Trish's love for these breeds rubbed off on Dale, and after struggling with infertility, they decided to take a break and welcome their first boy, Lucky, into their lives. Soon after, they were blessed with a baby girl named Reagan, who can often be seen in pictures with their puppies after discovering their love for breeding, they established a home kennel and have since become devoted puppy parents. They are located in Central Indiana on a spacious property in Zionsville, where all their dogs are raised and socialized by their large family, which includes five children between the ages of 7 to 25, and a bengal cat named Mama Bell.As passionate breeders, they have expanded their family to include some French bulldogs, including Phoebe, Jasper, and Echo, and a one-year-old Dogue De Bordeaux named Belle. The love affair they have with their dogs has never faded, and they treat them all as part of their family, young and old alike. We couldn't be happier with the experience. We had been researching Pomsbies for quite a while and stumbled on Sterling Pomsbies through GoodDog.com. Pomsbies are a fairly new and unique breed, so we appreciated the screening process of both GoodDog and Sterling. Once we connected with Tami, she Facetimed us and responded by text multiple times with all of the questions we had. It was obvious that she loves her puppies and wants to make sure they go to a good home. Fortunately, she was only about 6 hours away and she was gracious enough to drive our direction to meet up for delivery close to 1/2 way. She provided a packet of everything we needed: food, toys, his blanky, and informational handouts. We have continued to stay in touch, sending her updates and joining a Facebook Group of our buddy's siblings. We took our buddy to his first Vet visit and received a great bill of health. He is healthy as can be and just perfect. At only 8 weeks old, Tami had already taught him to pee on a pad inside and he knows that he can go outside when his feet are on the grass. If I could give more than 5 stars I would, honestly. Date of experience: July 18, 2025Good Dog helped me find a trusted breeder with healthy puppies! Our breeders were very nice, clear on expectations and flexible. They shared videos and pictures of Link weekly.
